PRESIDENT.

FRANK B. HART,
TREAS. AND SUPT.

GEO. K. RIX,
SEC'Y AND MGR.

CHICAGO OFFICE AND WAREROOMS
44 AND 46 DEARBORN ST.

THE illustrations on the following pages are not intended to take the place of catalogues. They are practical pictorial representations of Steel and Iron Goods, as used where modern ideas prevail. They are not imaginary sketches, but were all made from photographs or drawings of residences and surroundings actually occupied and owned by "Home Builders."

The Fencings, Lawn Furniture, Roof Crestings, Finials, etc., are carefully made illustrations of the actual appearance of the goods, and are all from patterns as manufactured exclusively by the Barbee Wire and Iron Works, the most extensive manufacturers of this line of goods in the United States.

Catalogues, with prices and discounts, will be sent free on application as follows: No. B 55, Fences and Gates; No. B 60, Iron, Steel and Wire Lawn Furniture; No. B 65, Builders' Steel and Iron Work, including Crestings, Finials, Vanes, Railings, etc.

We invite correspondence.

BARBEE WIRE AND IRON WORKS.

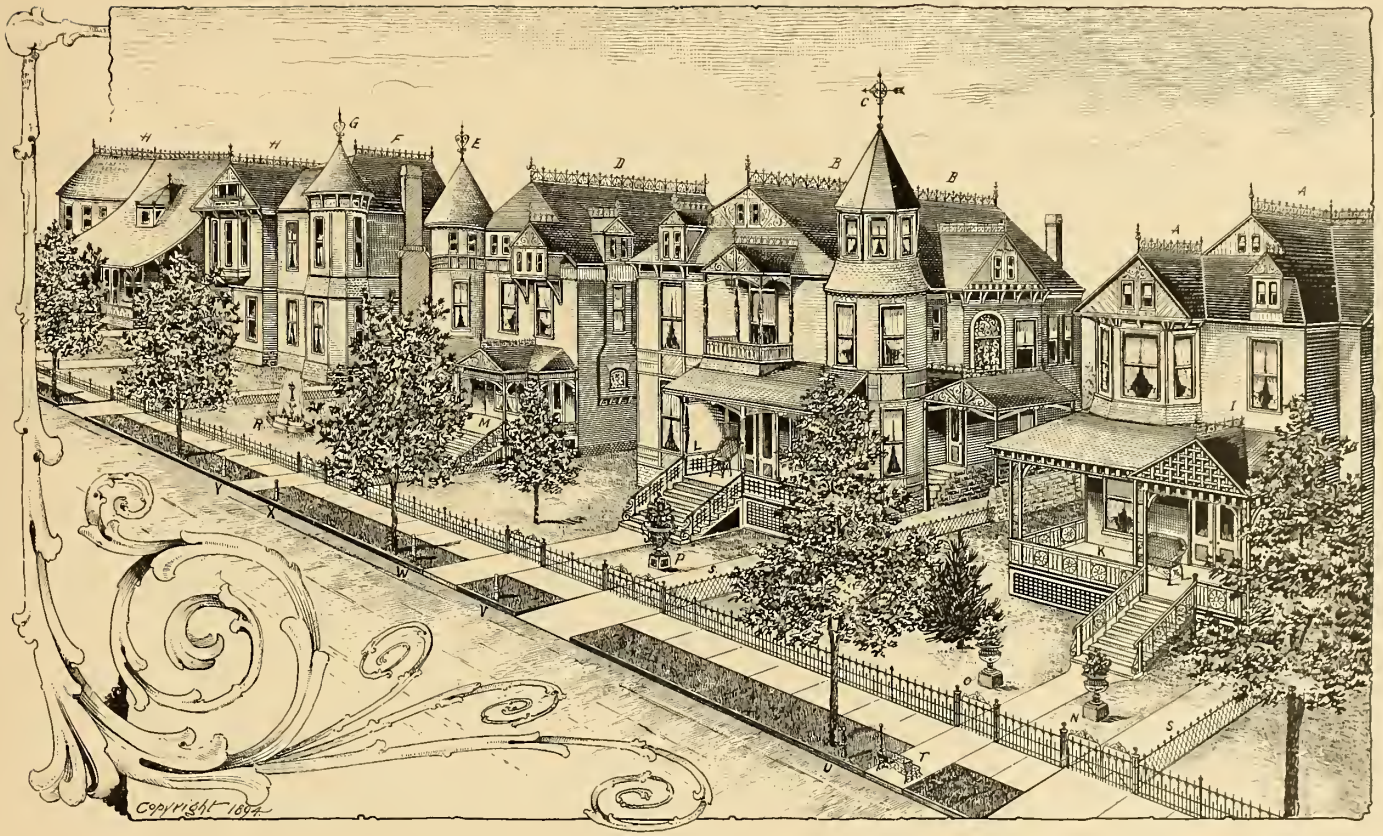

PLATE A.

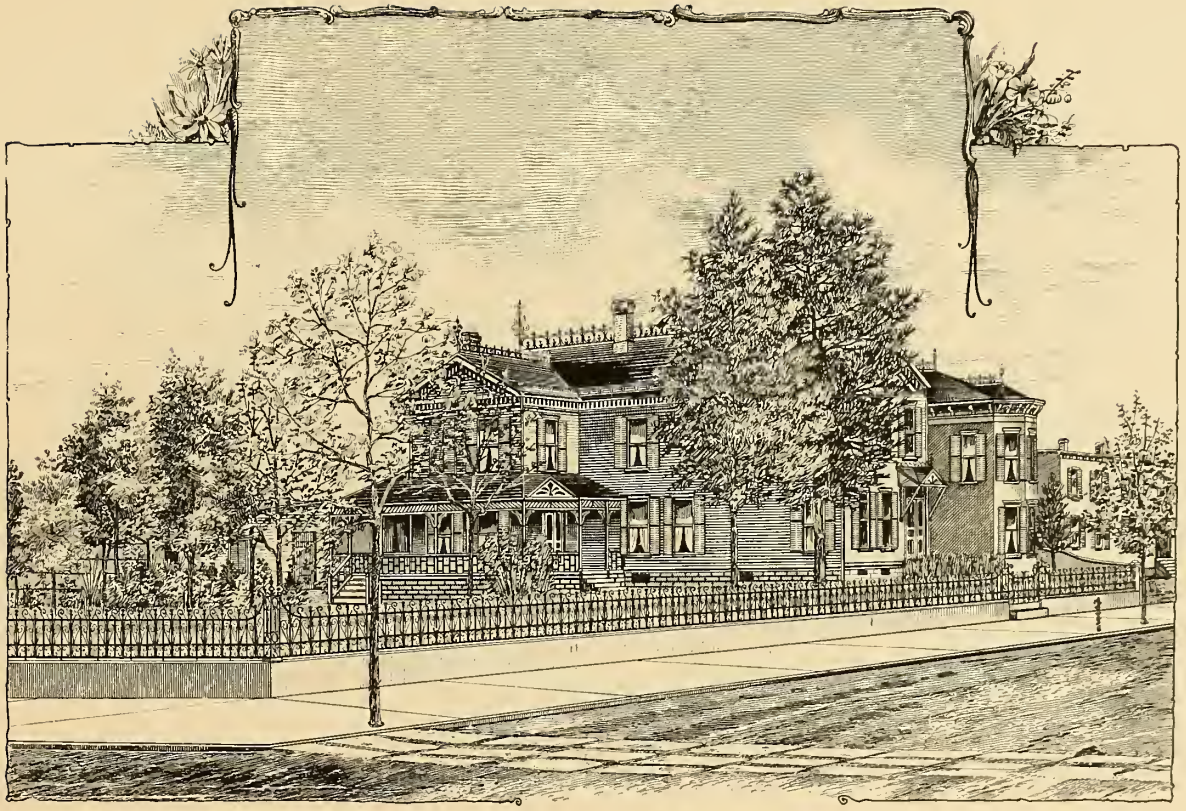
In above illustration is shown our No. B 220 Standard Steel Residence Fence, with No. B 242 Posts, No. B 221 Walk Gates, and No. B 20 Drive Gates. It also shows our No. B 457 Heavy Steel Wire Division Fence. See our No. B 55 Fence Catalogue. Various styles of iron and steel ornamentation are shown, such as Step and Veranda Railings, Roof Crestings and Finials, Weather Vanes, etc. See our No. B 65 Builders' Catalogue. The Fouutains, Vases, Carriage Steps, Hitching Posts, Chairs, etc., are illustrated and priced in our No. B 60 Lawn Furniture Catalogue.



COPYRIGHTED 1894.

PLATE B.

Illustrating our No. B 813 Fence, with No. B 748 Posts, set on stone coping. See our No. B 55 Fence Catalogue, page 30.

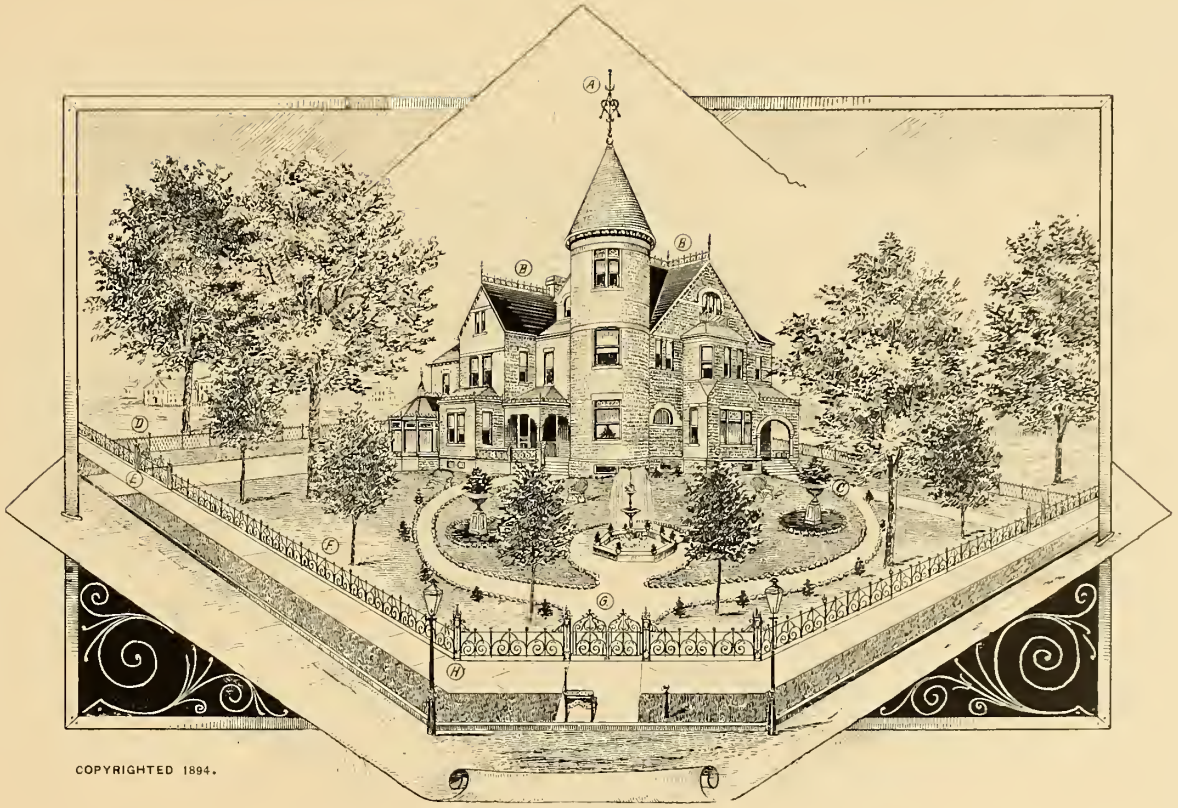


PLATE C.

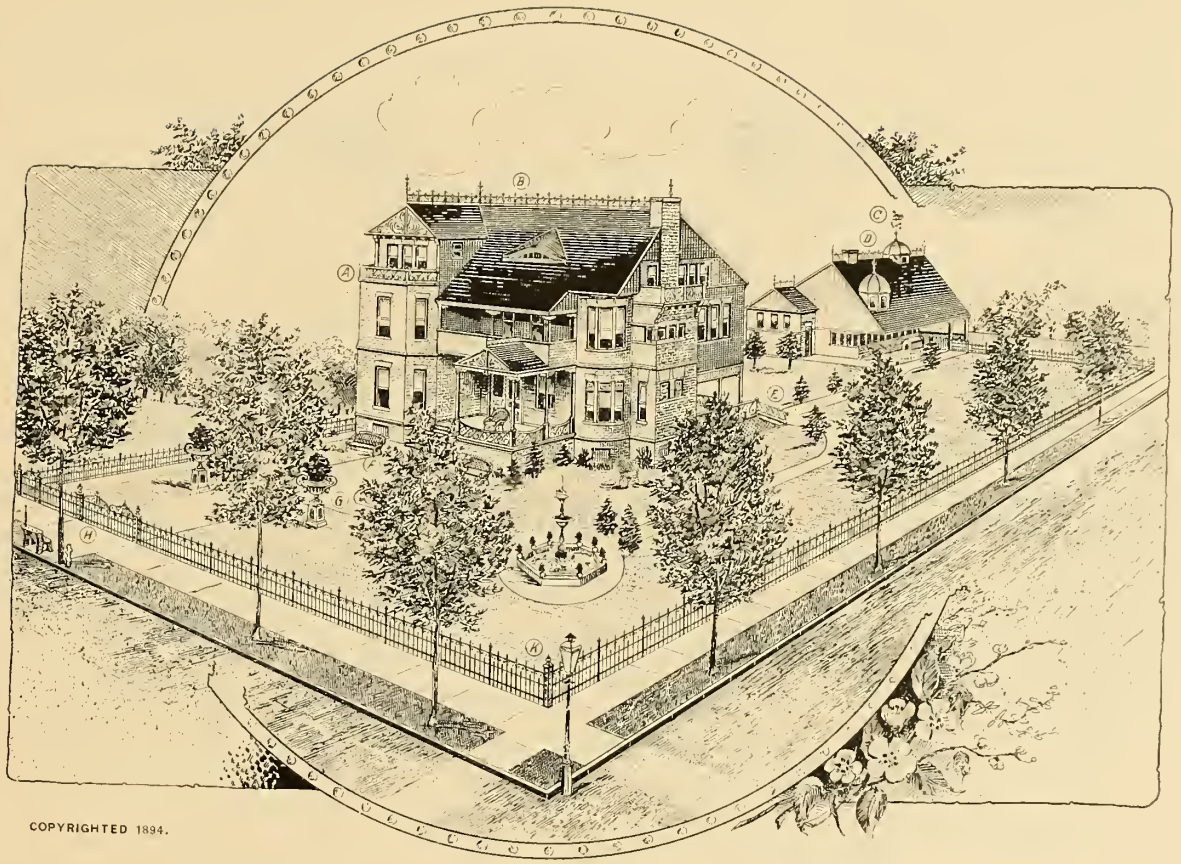
Illustrates our No. B 818 Fence, No. B 734 Posts and Double Walk Gate No. B 71, No. B 651 Cresting on roof and No. B 679 Finial on tower. This fence can be used either with or without stone coping; it was used as shown above without coping.



COPYRIGHTED 1894.

PLATE D.

Illustrating Fence No. B 617, without top ornaments, 36 inches high, with double and single entrance Walk Gates. No. B 238 ornamental Gate and Corner Posts. H shows our No. B 609 Star Carriage Step; A, B, D, No. B 688 Cresting; C, No. B 266 Ethan Allen Weather Vane; F, No. B 449 Wire Settee; G, No. W 2 Flora Vase. Our No. B 718 Swan Fountain is also shown.

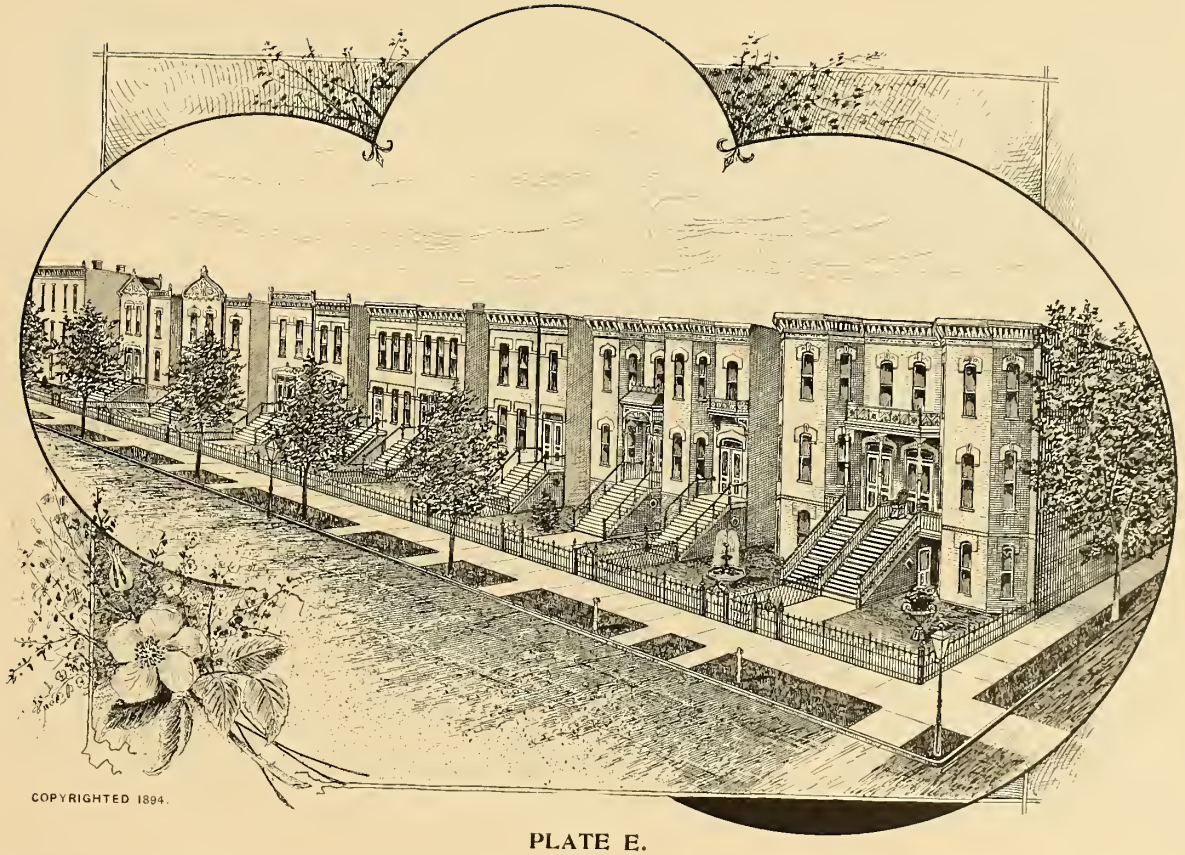


PLATE E.

Above illustrates our No. B 220 Standard Steel Residence Fence, with our No. B 457 Heavy Steel Wire Division Fence. A neat arrangement for city residences.

COPYRIGHTED 1894.

PLATE F.

We show above our No. B 8 Fence, set on stone coping. We also show recessed Gate, the bottom of which drops below top of coping to line of walk. No. 225 cast-iron Posts are used. On roof of building in the foreground we show our No. B 670 Cresting, and in the background our No. B 688 Cresting.

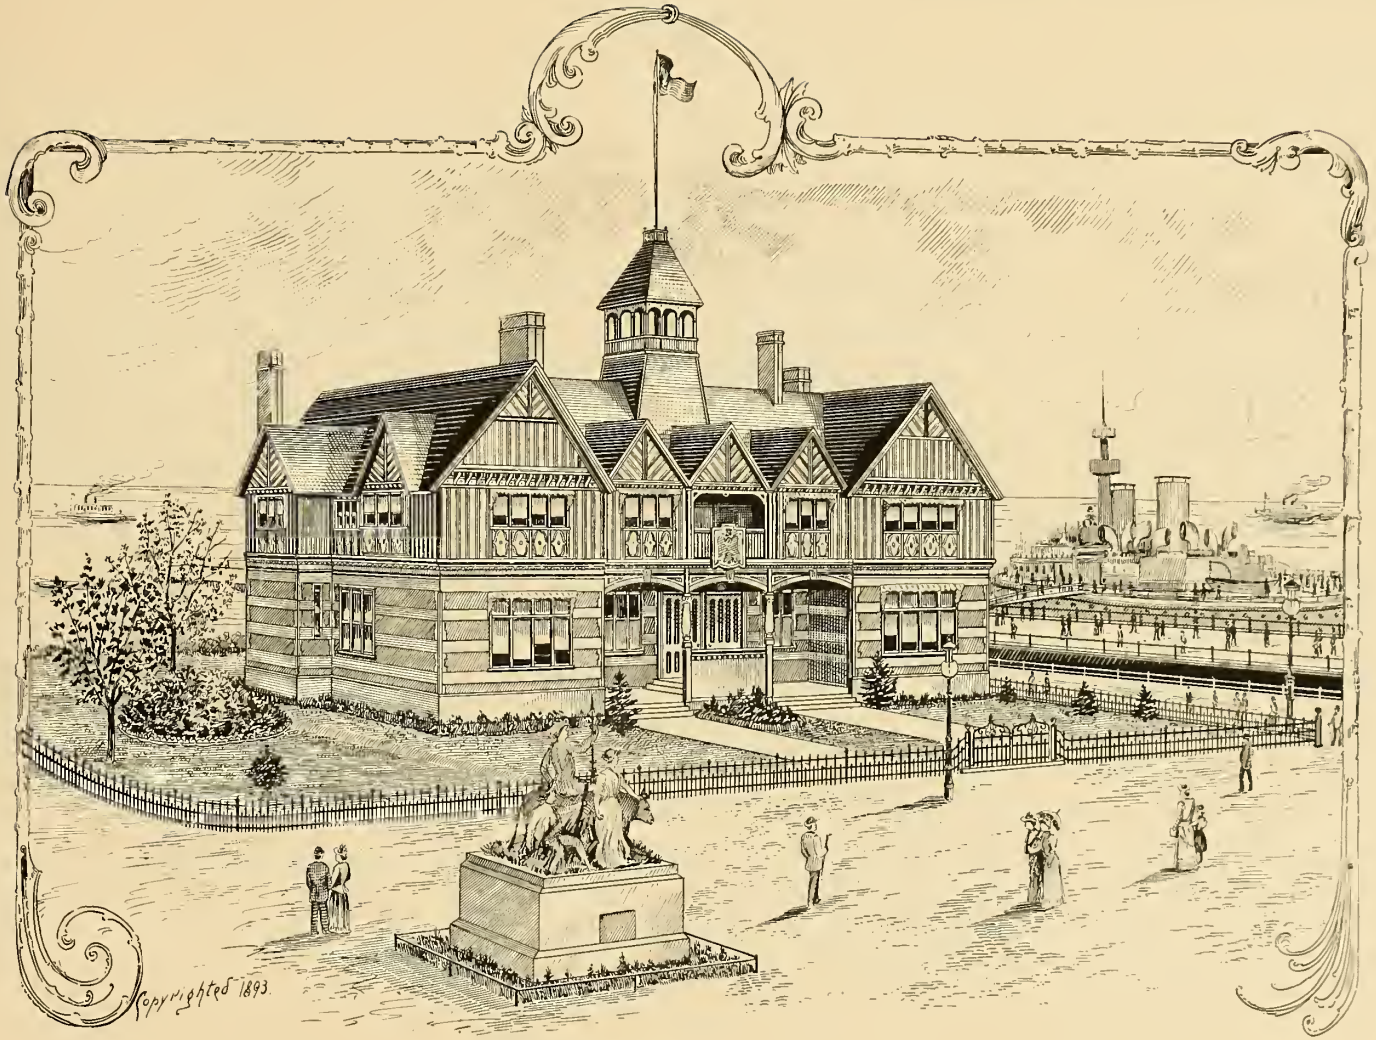

PLATE G.

Our B 220 Standard Steel Residence Fence, 30 inches high (34 inches when set), was selected to surround the "Victoria" building at the World's Fair.

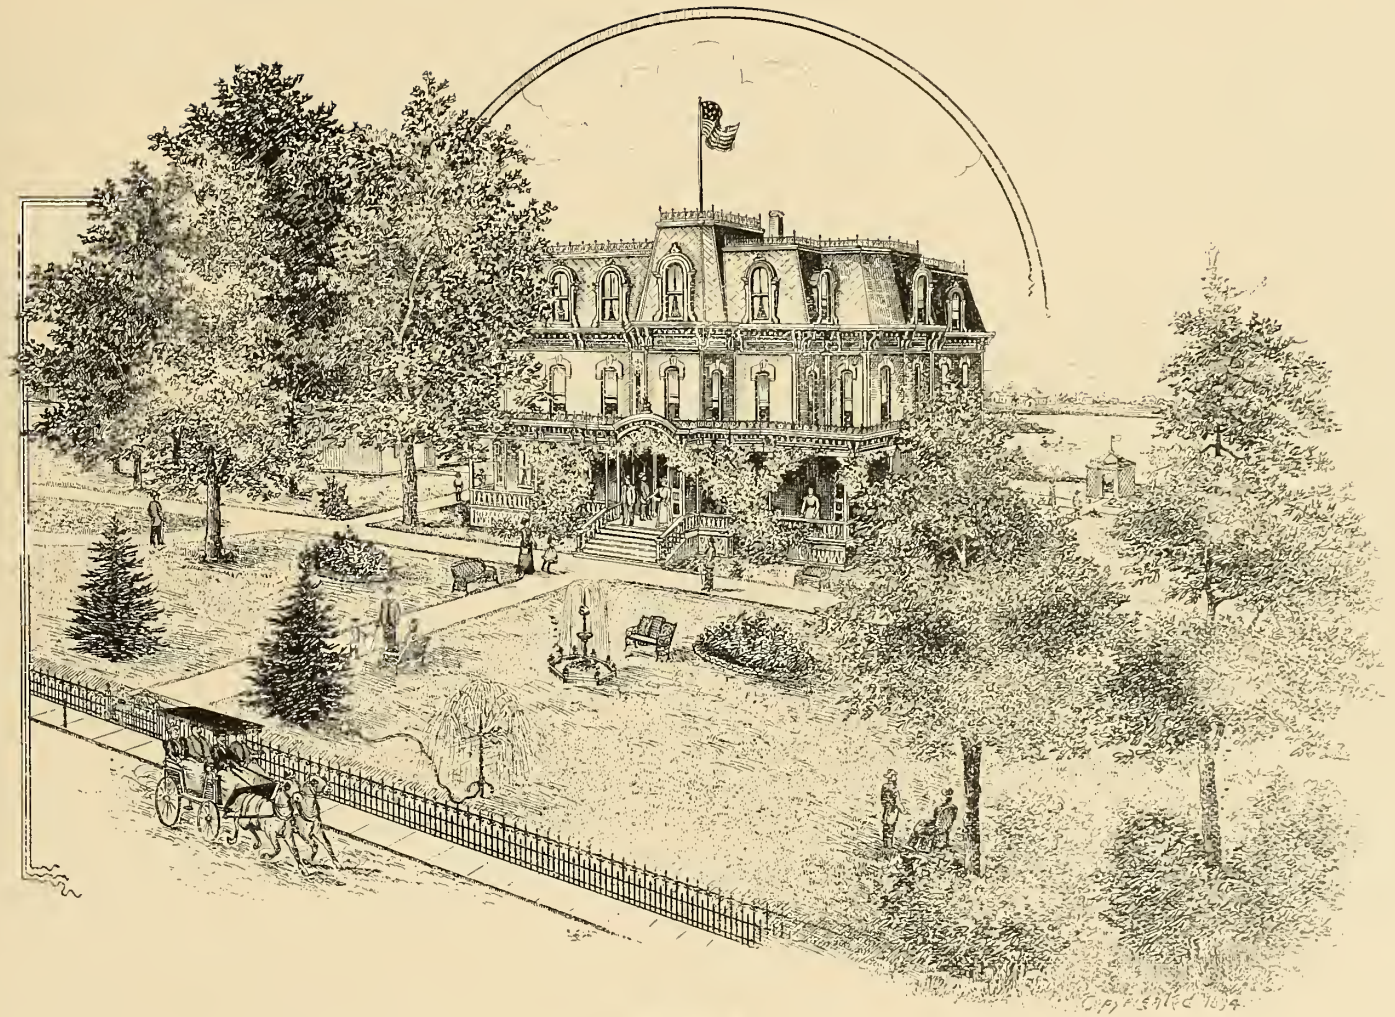

PLATE H.

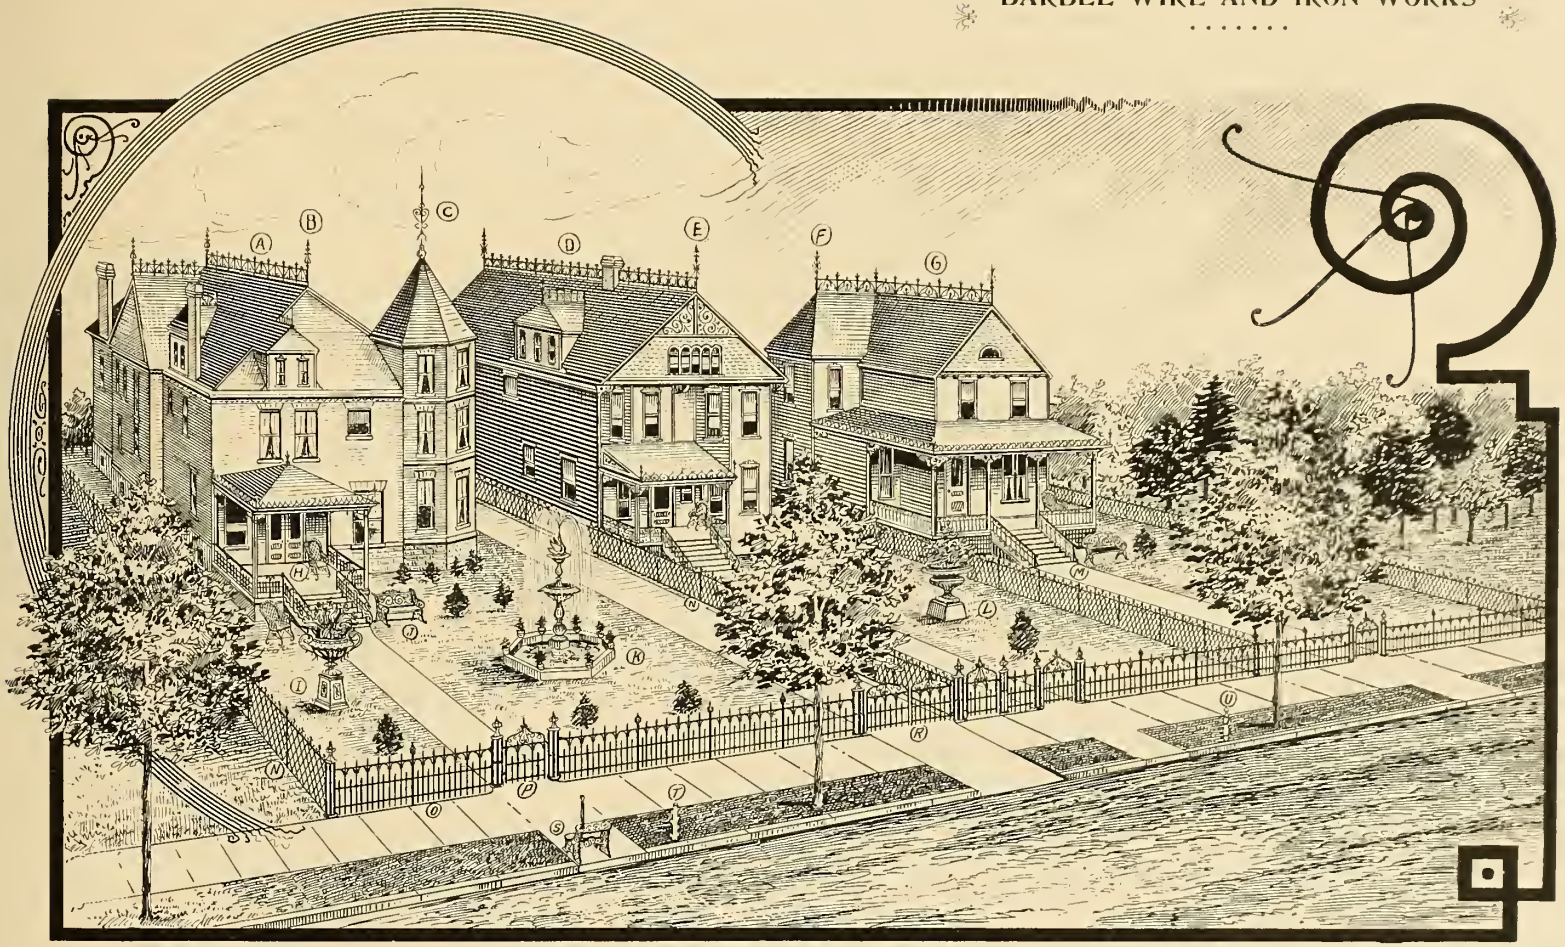
Illustrating No. B 220 Fence, No. B 718 Fountain, No. B 449 Wire Settee, No. B 52 Wrought Steel Settee, Summer House, Crestings, etc.



COPYRIGHTED 1894.

Also shows our No. B 554 Heavy Steel Wire Division Fence. Cresting A is No. B 654, D is No. B 651, G is No. B 688. Finial B is No. B 673, E is No. B 670½, F is No. B 678 (25-inch), C is Tower Finial No. B 681, K is No. B 718 Fountain, J is No. B 51 Settee, L is No. F 3 Reservoir Vase, I is No. W 2 Reservoir Vase, S is No. B 609 Carriage Step, M is No. B 49 Fern Leaf Settee.

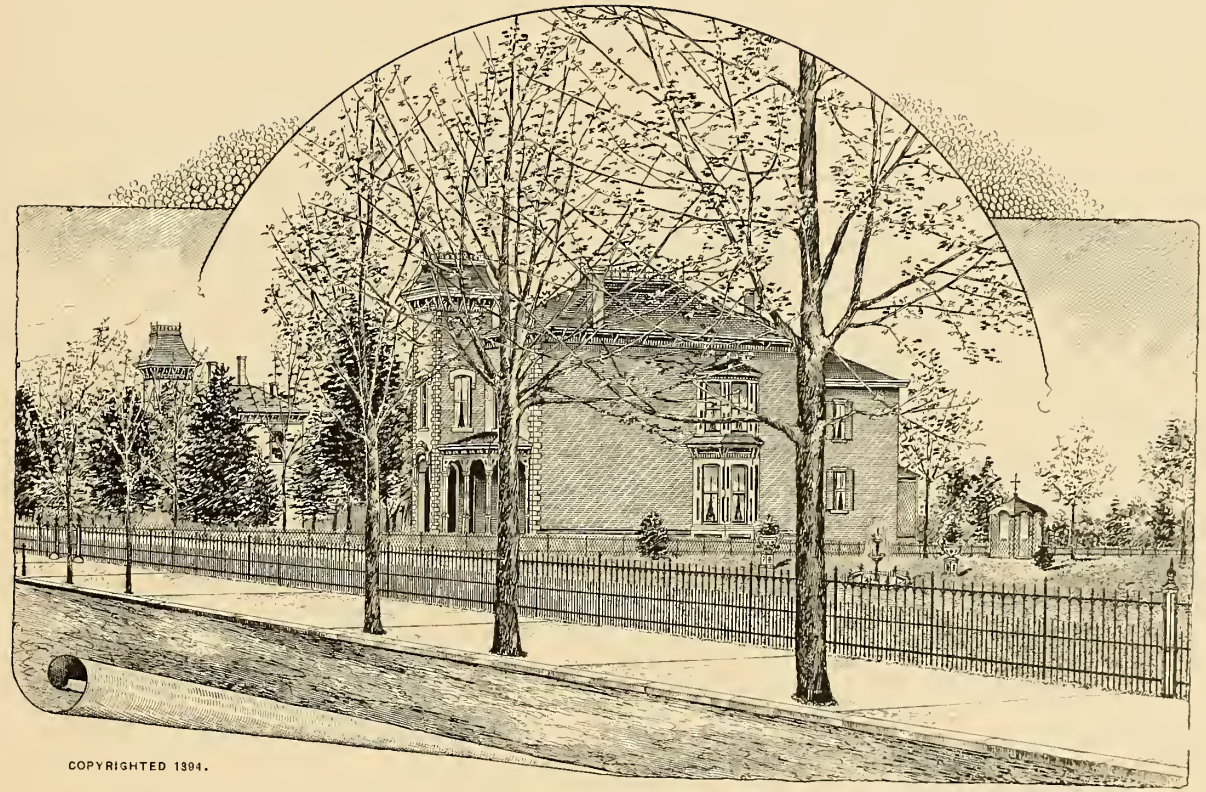

PLATE J.

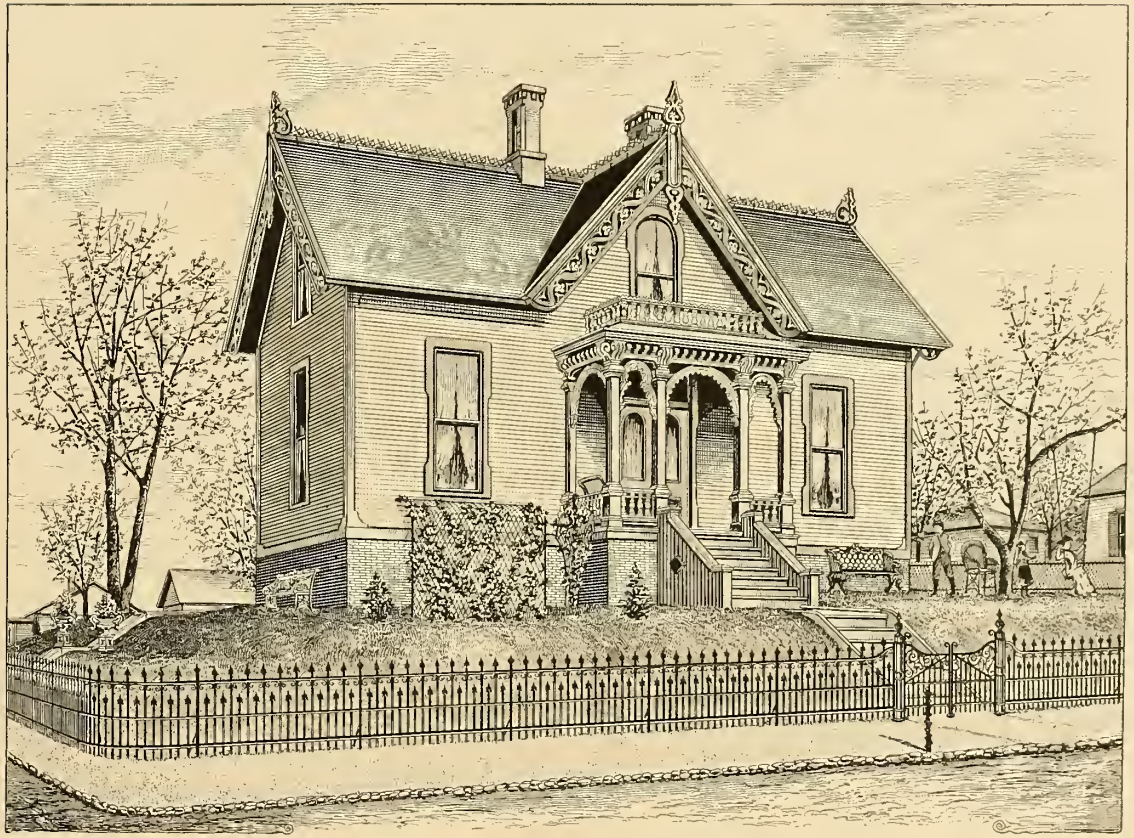
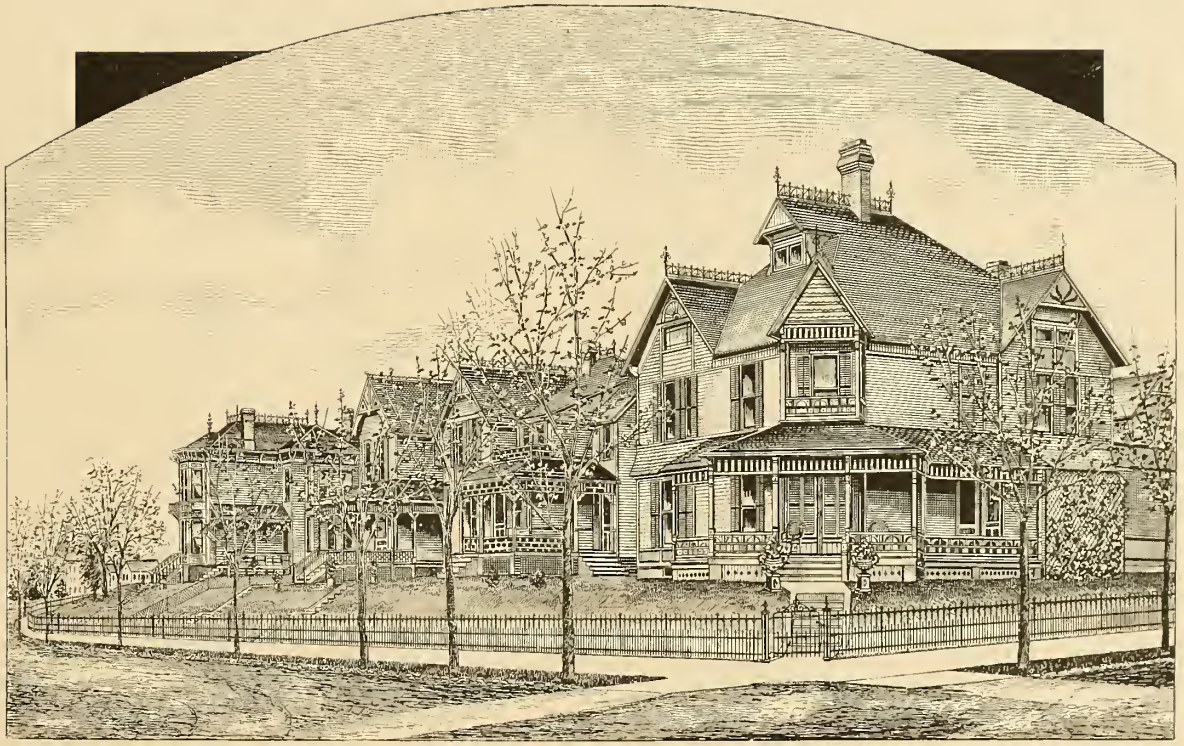
Illustrates our No. B 220 Standard Steel Residence Fence, 42 inches high (46 inches when set). Also our No. B 454 Heavy Steel Wire Division Fence. See our No. B 55 Fence Catalogue.



COPYRIGHTED 1884.

PLATE K.

Shows our No. B 220½ Standard Steel Residence Fence, No. B 4 Octagon Gate Posts, with a "Special" Double Walk Gate. No. B 655 12½-inch Cresting is shown on roof.



COPYRIGHTED 1894.

PLATE L.

We show above our No. B 220 Standard Steel Residence Fence, with No. B 241½ Gate Posts and No. B 221 Walk Gate on corner. (See our No. B 55 Fence Catalogue.)

N the following pages we illustrate and price a few styles of our goods which are either omitted from or incompletely shown in our regular catalogues. Discounts will be given on application.

Wire Chairs, Settees, Etc.

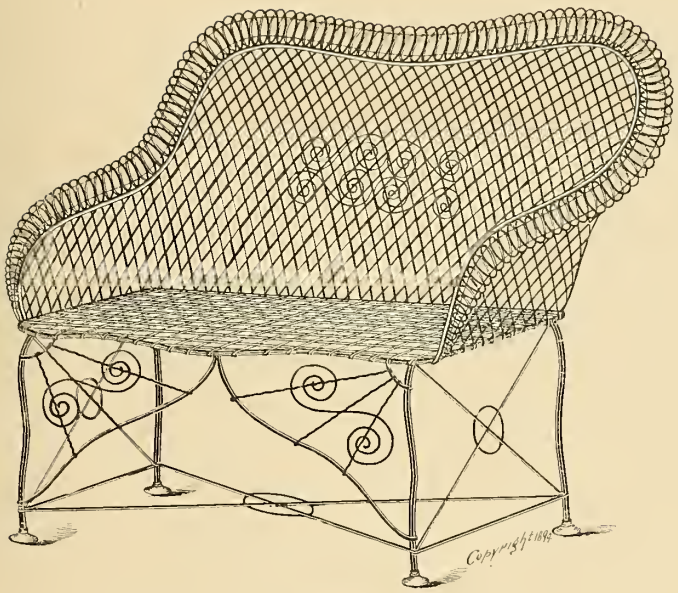
We call special attention to these. They are superior goods. Made of the best quality of heavy steel wire, they are **strong** and **durable.** Great care has been used to obtain graceful shapes and correct proportions. They are ample in size, cool and comfortable.

All the chairs and settees have neat malleable-iron feet, as shown in cuts, to prevent injury to floors or lawns. They are painted with best oil paint and finished in "gold" bronze unless otherwise ordered.

You may have seen wire chairs and settees, but unless you have **seen and used ours** you can have only incomplete ideas of this class of goods as improved by us.

We invite inspection of these goods in our salesrooms, and solicit sample orders and correspondence regarding prices, etc.

Steel-Wire Settees and Chairs.



No. B 449.

TWO-SEAT STEEL-WIRE SETTEE.

Painted and Bronzed, with Border	each,	$10 00
Painted and Bronzed, without Border	"	8 00
